Outlook

The Outlook Screen is a motorised roll down insect screen ideal for screening patios or outside areas.

*Maximum height and width ratio applies. Maximum width 4.8 meters. Maximum height 3 meters.

1300 SCREEN⁶

1300 SCREEN⁶

European design, local manufacture

Available in a variety of finishes

Outlook Screen

Also available with shade view, a great alternative to those considering PVC blinds as it offers effective protection from the elements all year round, ideally suited for west facing areas, or areas that need extra protection that only 5% openness fabric can deliver, available in 7 colours.

• Full Dulux Powdercoat Range.

1300 S⁷C²R⁷E³E³N⁶

Roll down electric screens are custom built to suit any unique setting.

Some of the features are:

- slimline 100mm extruded aluminium housing
- mesh blow out restrictor.

Enjoy the view while keeping the insects out.
